

European Bridge League
Att: President Yves Aubry

Oslo 31th Aug 2015

Request for a formal review

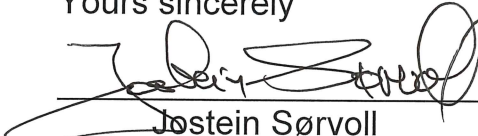

On behalf of the NBF we kindly request EBL to formally review the status of Lotan Fisher and Ron Schwartz of Israel. This request is based on the allegations of cheating made Boye Brogeland, regarding his former teammates.

These allegations are reported on Bridgewinners .com, and bridgecheaters.com - a web page put up for these allegations.

For the last 20 years Boye Brogeland has been representing the Norwegian National team. His ethics has never been questioned and he is a winner of the Bermuda Bowl and a European Champion.

We kindly urge that the EBL as soon as possible takes the necessary steps to investigate the case.

Yours sincerely

Jostein Sørvoll
President NBF
